Acoustic Sketch - Brass Band

Duration: 5:30
Grade: 4

Programme Note

Acoustic Sketch is a piece for Brass Band and Carillon. The piece is build on the overtones of a fundamental resulting in an acoustic scale. The idea is that these tones are audible in a bell of the carillon. The chords used in the band try to mimic this sound quality.

Performance Note

The chords in this piece could be preformed as you normally would, however it will probably sound better if the chords are tuned precisely to the harmonic series. That means that the fifth of each chord should be played slightly sharp (2 cents higher) and the third 14 cents lower. The seventh needs to be 31 cents lower and the augmented fourth 4 cents lower.

It is best to play the 24 and 63-tinted chords in the different instruments to connect. So no cuts at the barline.

I am Geert Jan Kroon (1981): a motivator, inspirator and creative optimist.

I studied Art, Culture and Media at the University of Groningen with a master's degree in Musicology in Utrecht. Since then I have developed my own style as a conductor, composer and musical entrepreneur.

New opportunities arose for me through my composition studies at the ArtEZ conservatory with Wilbert Bulsink. In my music, I like to use techniques from contemporary music to give my music its own sound. Next to that, I want to keep the music accessible to the audience.
